What Interns Say

The internship provided exposure to the policy arena and the opportunity to learn from and work with researchers at the policy-research interface relating to green growth. This unique position has allowed me to better define my research questions, gain feedback from delegates and staff, and further develop as a researcher.

*Mook, American, London School of Economics
Environment Directorate and Economics Department*

Working as an intern at the OECD proved to be an invaluable experience both personally and professionally. Under the mentorship of high-profile professionals, and in collaboration with outstanding colleagues, I drafted various strategic documents, conducted research and benchmarking studies and attended meetings with internal and external interlocutors.

*Nina, Slovenian, University of Ljubljana
